RGE iPad Setup Package

Simple. Safe. Senior-Friendly.

At **Red Glen Electronics**, we turn a standard iPad into an easy-to-use, low-stress device designed specifically for seniors.

No jargon. No confusion. Just a setup that works.

What We Do

We customize your iPad so it's:

- Easier to see
 - Easier to navigate
 - Safer from scams and confusion
 - Set up for family communication
 - Ready to use right away
-

What's Included

✓ Personalized Setup

We tailor the iPad to the user — not the other way around.

✓ Simplified Home Screen

Only the most important apps are visible and easy to find.

✓ Accessibility Adjustments

We adjust text size, brightness, sound, and touch settings for comfort and clarity.

✓ Communication Setup

We configure:

- FaceTime (video calls)
- Messages
- Photos (family pictures)

✓ Safety & Scam Protection

We reduce clutter and help protect against:

- confusing pop-ups
- suspicious emails
- accidental taps

✓ Family Coordination

We help families understand:

- how the iPad is set up
- how to support the user
- how to avoid common problems

✓ Friendly Training Session

We walk the user through the basics at a comfortable pace:

- turning the iPad on/off
- opening apps
- making a video call
- viewing photos

Who This Is For

This service is ideal for:

- Seniors who feel overwhelmed by technology
 - Families who want a simpler setup for a loved one
 - Anyone who wants a safer, easier alternative to a standard tablet
-

Why It Works

We don't just “set up a device.”

We create a system that helps the user:

- feel confident
 - stay connected
 - avoid frustration
-

iPad vs. “Senior Tablets”

Unlike locked-down devices, this setup:

- gives flexibility when needed
 - avoids expensive monthly subscriptions
 - grows with the user over time
-

Ongoing Support (Optional)

We're available if you need help later — no pressure, no long-term contracts.

RGE Promise

We keep the jargon out of tech — so you can keep the joy in it.
