

Be Ready. Get Results. Feel Great.

A quick prep check for your Tech Tuesday appointment

A little prep
goes a long way!

Use this checklist to arrive **ready** and make **the most** of your 1-hour session.

☐

Charge it up. Bring your device fully charged and your charger, just in case.

☐

Bring your passwords. Write them down or have them saved where you can easily find them.

Tip: The more we log in, the more we can do!

☐

Bring the right gear. Cables, adapters, earbuds, mouse, external drives—anything related to your issue.

If it's part of the problem, bring it along.

☐

Know what you want to accomplish. What's the main issue or goal for today? (One or two is perfect!)

Tip: Be specific. "Help with email" is good.

"Can't send attachments in Gmail" is even better.

☐

Bring any info that helps. Usernames, account info, error messages (a quick photo is great), or notes about what you've already tried.

☐

Bring your patience and curiosity. We'll tackle it together—step by step. Questions are welcome!

There are no dumb questions, only unexplored ones.

☐

Plan your time. Please arrive a few minutes early so we can make the most of your hour.

On time = more fixin' time!

Remember:

- ✓ One or two focused goals work best.
- ✓ We're here to help you make meaningful progress.
- ✓ You'll leave more confident than you arrived!

RGE TIP FROM THE FIELD

The more prepared you are,
the more we can accomplish—
and the more you'll enjoy the session!
Let's Solve This Together, amigo!
